ADMINISTRATOR'S MEMORANDUM NO. 3 ✓

Supplement R ✓

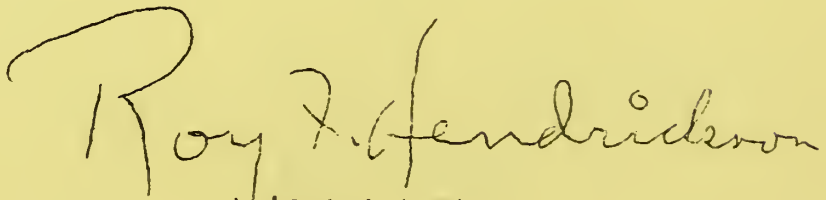

Designation of Chief, Marketing Reports Division

Effective at once, Marvin M. Sandstrom, Assistant Chief of the Marketing Reports Division is designated Chief, vice Arthur C. Bartlett designated in Administrator's Memorandum No. 2, Supplement I, Special Assistant to the Administrator.

Ben James is designated Assistant Chief, Marketing Reports Division; Harry W. Henderson, Assistant Chief in Charge of Special Reports; Nathan Koenig continues as Assistant Chief in Charge of Farm and Trade Relations; Elwyn J. Rowell continues as head of the Radio and Market News Section.

Mr. Sandstrom also has designated William B. Ward as Head of the Information Section and Norman W. Kuhne as Head of the Publications Section.

The Chief of Marketing Reports Division, on matters not requiring the personal attention of the administrator, will report to Mr. Bartlett.

ADMINISTRATOR'S MEMORANDUM NO. 3

Supplement S

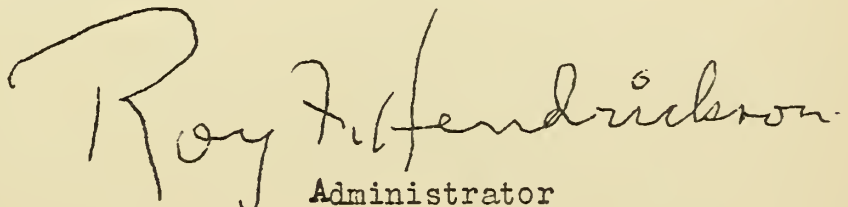

Applications for Priorities and Certificates of Necessity

In addition to handling applications for Priorities and Certificates of Necessity for dairy products, fruits, vegetables, meat, poultry, and poultry products, AMA will henceforth be responsible for reviewing and recommending applications pertaining to containers for these products. Containers for food shall be considered as agricultural requirements. Such requirements will be acted on by the Foods Requirements Committee. The AMA, operating within the limits of present and future War Production Board orders relating to containers, shall submit to the Office of Agricultural War Relations requests for exceptions to such orders as well as information with respect to anticipated requirements.

We will also have responsibility for reviewing and making recommendations on applications affecting the processing, storage, and packaging of animal fats, starches, and seeds.

This added responsibility involves no change in existing procedures and delegations of authority for this function within AMA. Letters of recommendation accompanying each application should be addressed direct to the War Production Board in the case of priorities, and to the office of the Under Secretary of War for Certificates of Necessity. A copy of each letter shall be sent to the Office of Agricultural War Relations. J. B. Wyckoff continues to act for the Administrator in this field.

In considering these applications, we will be governed by any program heretofore approved by the Office of Agricultural War Relations, or hereafter approved or promulgated by the Foods Requirements Committee.

ADMINISTRATOR'S MEMORANDUM NO. 3

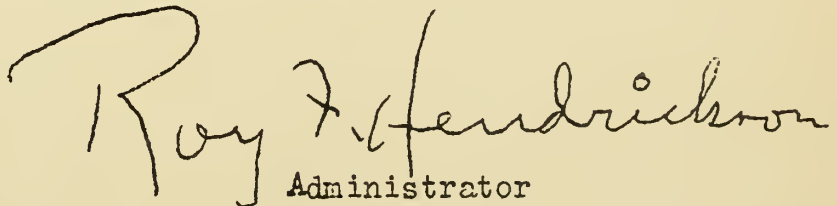

Supplement T

Responsibility for Container Coordination

We are faced with a continuing and pressing demand for the development of new types of containers for all farm products, and particularly those that we are delivering under the Lend-Lease Program.

This means that our packaging problems must be forcefully presented to agencies concerned with materials which are available or which can be substituted. It means also that our container activities must be geared into the programs and operations of the Army, Navy, Lend-Lease, and War Production Board, and coordinated with the work of the Office of Agricultural War Relations.

Accordingly, I am hereby designating J. B. Wyckoff to be responsible for the general coordination and leadership in this field. This is a further delineation of the responsibilities assigned Mr. Wyckoff in Administrator's Memorandum No. 3, Supplement O. All branches shall keep in close touch with Mr. Wyckoff and rely upon him for guidance, direction, and policy determination on containers. He, in turn, shall keep the branches informed of developments arising from his knowledge of our program, and his relations with the Army and Navy, War Production Board, the Office of Agricultural War Relations, and other governmental agencies. Mr. Wyckoff will assist purchasing agencies of foreign governments on their container specifications and with representatives of the container industry. He will be assisted by a committee of members of our branch staffs who will share with him responsibility for a vigorous and timely approach to this vital program.

Supplement V

Personnel Assignments

Assignments of Washington personnel pursuant to the realignment of purchase functions and the establishment of a Special Commodities Branch as outlined in Administrator's Memorandum No. 2, Supplement Q, are listed below. Individual adjustments in these assignments will undoubtedly be necessary and should be worked out between the individual employee and officials of the branches involved.

The assignment of field personnel pursuant to Section (c) of Administrator's Memorandum No. 2, Supplement Q, as between the regions and the Transportation and Warehousing Branch will be listed in a subsequent supplement.

December 16, 1942

ADMINISTRATOR'S MEMORANDUM NO. 3

Supplement W

Field Personnel Assignments

Assignments of field personnel pursuant to the realignment of purchase functions as outlined in Administrator's Memorandum No. 2, Supplement Q are listed below. Adjustments in these assignments will undoubtedly be necessary and should be worked out among the individual employees, officials of the Transportation and Warehousing Branch, and the appropriate regional office. Personnel engaged in procurement operations involving work in more than one region have been assigned to the region in which they were located at the time the purchase functions were reorganized. Arrangements for permanent headquarters and for shifting these procurement personnel between regions shall be worked out by the Regional Administrators concerned, in collaboration with the Special Assistant to the Administrator in charge of regional operations. In the Pacific Region, both Custody and Disposition and procurement personnel will continue to report to the regional office.

The Transportation and Warehousing Branch will bear the administrative costs for field Custody and Disposition personnel assigned below (excepting the Pacific Region) effective January 1. The administrative cost, including personal services and travel, for all personnel assigned to the regions by this memorandum shall be assumed by the respective regions beginning January 1. Prior to January 1, the Budget Division will allot Defense Aid funds sufficient to provide for those employees listed below as assigned to the regions who are engaged primarily in lend-lease procurement work. The present regional allotments now include funds for Section 32 procurement activities in the field, and no additional allotment from Section 32 funds will be made as a result of this assignment. (It was originally intended that the regions assume the costs for Section 32 field personnel October 1, but delay in delegation of authority and assignment of field personnel make necessary this change in effective date from October 1 to January 1.)

The above paragraph does not apply to the Pacific Region. The Pacific Region will bear the administrative costs for all Custody and Disposition and procurement activities from July 1, 1942.
